MILESTONES OF LIFE

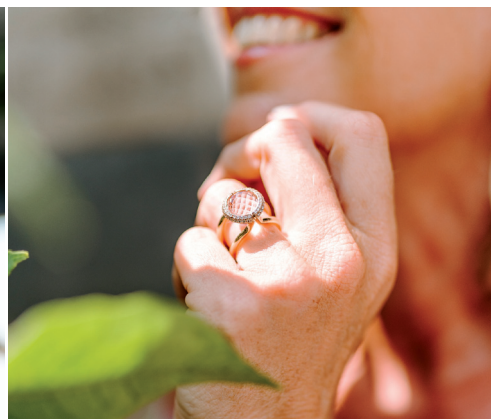

# REFLECTION COLLECTION

Reflect your colors, your story and your journey of life  
through various colorstones and wisdom of nature.

GRAND WATERFALL: 18 kt white gold, set with diamonds  
Gemstones: Grey Tahiti pearl - Brushed yellow golden Globe - South Sea pearl

# BECAUSE A WOMEN OFTEN VARIES

Jewelry should speak about us, it should "reflect" who we are  
and how we feel, but also evolve in order to be able  
to remain faithful to this idea.

From this impossible dream, Berquin Jewels made a reality.  
The Reflection Collection is composed of rings that are infinitely  
customizable thanks to the exchangeable system.

They are transformed by a gesture, a desire, a change of mood  
or circumstances, by simply replacing the gemstones they contain in an easy,  
safe and elegant way!

Reflecting moments that show life's journey

# HOW IT WORKS

## Select Your Ring Model

Begin by choosing the perfect ring model from our Reflection Collection. With 8 to 10 unique designs, each crafted for elegance and adaptability, you'll find a style that speaks to you.

## Choose Your Favorite Gemstone

Select a gemstone that resonates with your story. Whether it marks a milestone, represents a loved one, or simply reflects your style, the choice is yours.

## The Gemstone Setting

The ring features a golden cradle designed to hold your gemstone securely and gracefully. With its elegant design, the basket ensures both safety and beauty for your chosen stone.

## Wear with Confidence

Slide the ring onto your finger and give it a simple twist. This intuitive motion secures the gemstone firmly in place, allowing you to wear it confidently all day. You'll feel it settle softly against your skin, becoming a seamless part of the ring and your story.

Create your perfect ring today and let it reflect your journey.

# BERQUIN JEWELS

## WHAT

At Berquin Jewels, we specialise in handmade jewelry.  
Our collections represent the openness and playfulness we want to bring with our jewelry.  
Next to our collections we offer services in the creation and design of tailor-made pieces,  
reparation and transformation services and gemology expertise.

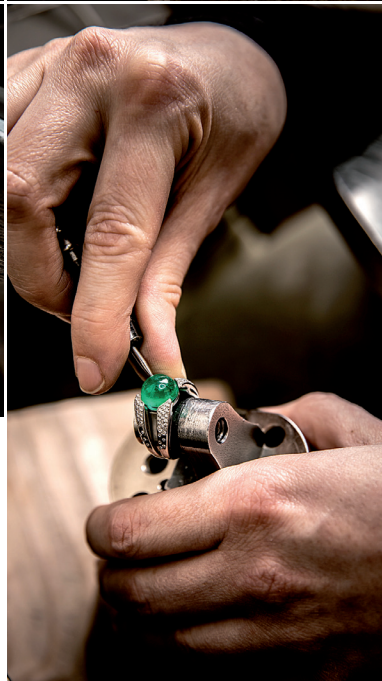

## HOW

To create a piece of handmade jewelry, Berquin Jewels collaborates with an international network  
of suppliers and professionals. Various specialists like cutters, polishers, threaders  
and setters are involved in the creation process.  
After meeting you, the client, we provide the design and acquire the chosen materials.  
Berquin Jewels oversees the production process, while our in-house designer, goldsmith  
and gemologist ensures our quality standards.

## WHY

At Berquin Jewels we marvel at the variety of materials that nature provides.  
From Rubies to Petrified wood, we see unique beauty in all the gems.  
Similarly, we see how beautifully diverse people are. With our business, we aim to appreciate  
everyone's true colors through creative jewelry.  
We bring playfulness and openness in a traditional market by opening  
up the wide variety of gemstones to a broader public.

# THROUGH THE SEASONS OF LIFE

## SPRING

Spring means feeling the first warm rays of sun on our skin.  
It makes us want to put on our jewelry and watch our gemstones sparkle in light!
